

## ENTHUSIASTIC MEETING OF LICKING DEMOCRATIC CLUB OCCURRED FRIDAY EVENING

### Club Rooms Were Packed by an Eager Throng All Anxious to Hear the Principles of Democracy Expounded

## GREAT INTEREST TAKEN IN MUNICIPAL CAMPAIGN

### Meeting Addressed by Number of Prominent Dem- ocrats---Candidates Favor Improvements In- cluding Subways and All Stand for Progressiveness and a Greater Newark.

The largest and most enthusiastic meeting ever held by the Licking County Democratic club was that of Friday night and at its conclusion an old-fashioned love feast was held, at which sincere congratulations were exchanged by those who could see a prognostication of a sweeping victory for the entire municipal and township tickets next Tuesday.

The main club room was crowded. The overflow found standing room which was goodnaturedly enjoyed during the progress of the meeting. Hearty applause greeted well known Democratic workers as they came in to the hall, and by the time the meeting was opened it was apparent to all that a feeling of justifiable pride in the ticket as nominated, was uppermost in the minds of those present.

Attorney Roderic Jones called the meeting to order in the absence of President George W. Horton, who was indisposed and could not be present. Mr. Jones said that the meeting was the last one of the campaign and would be open to any Democrat who wished to tell why the whole Democratic ticket should be elected. He then introduced Mr. Frank Mercer, the conscientious secretary of the club, who read the minutes of the preceding meeting which were approved.

Mr. Mercer then made a short talk in which he urged every Democrat to vote early, and work late for the success of the whole ticket. He also impressed upon his hearers the reasons that should influence every Democrat to support the ticket from Mayor to ward assessor.

Attorney Wayne B. Collier was called upon by President Pro Tem Jones, and his speech was a tribute to F. M. Swartz, and his qualifications for the office of mayor. Mr. Collier spoke from the standpoint of a lawyer, as well as the assignee of Mr. Swartz estate, when it was necessary for him to protect his creditors by an assignment of his property, which Mr. Swartz did honestly and at a loss to himself.

This speech was most enthusiastically received.

Another signal for an outburst was the introduction of Prosecuting Attorney Phil B. Smythe, who was at his very best, and frequently had to pause in his remarks on account of the applause that greeted his telling arguments.

The prosecutor's speech was largely statistical, and his facts and figures were incontrovertible. He paid a glowing tribute to F. M. Swartz and his work as a member of the board of tax appraisers. His statistics were gotten from the county auditor's office and showed an increased valuation, but lower taxes to be paid by the property owners. Under the old valuation, the tax rate was 3.6 percent, while it will only be 1.2 percent upon the valuation as returned by the

board of which F. M. Swartz was a member.

"This board, largely through the efforts of Mr. Swartz, increased the valuation, but did not raise the taxes, in fact lowered them," said the prosecutor.

Mr. Smythe continued:

"As an instance, let us take the Warden Hotel property, one of the many put upon a fair basis. Under the old valuation this property was listed at \$26,000. Under the new it is valued at \$122,910, and upon this will taxes be paid. Mr. Swartz believed that business property should bear its fair share of taxation, and not have the burden fall so heavily upon the home owner. His work as a member of this board should be one of his strongest assets in the campaign now closing, and I believe it will be."

"Another element of Mr. Swartz's strength is his position on the subway proposition, which he favors unequivocally."

"We want the railroads; we want them to be prosperous, but we also want the railroads to quit killing our citizens. The railroads themselves will never build the subways."

"We know where the Democratic candidate for mayor stands; we know where the Democratic candidates for council stand; but where do the Republican candidates stand on this proposition? We want to see residences spring up in south Newark, rather than dead wagon runs."

Coming to the natural gas question, Mr. Smythe paid a glowing tribute to Roderic Jones, the candidate for city solicitor. He said in part:

"The natural gas company is now operating in Newark without a legal right."

"It has a capitalization of \$80,000, and upon this in 1909, with a net rate of 18 cents per thousand, a dividend was paid of \$240,000. Think of it! Over 300 per cent! Why pawn brokers do not exact such usury."

"And yet this company has the monumental gall to want to charge 23 1-2 cents per thousand. Roderic Jones before he was a candidate for office, and wholly in the interest of the gas consumers, brought a suit to

enjoin the gas company from making the additional charge, and now the difference between 18 and 22 1-2 cents is being paid into the hands of a receiver, pending the final decision of this litigation."

"On the eve of this election let us get together for the principles and traditions of the dear old Democratic party, and elect the entire ticket next Tuesday."

Mr. Roderic Jones followed Mr. Smythe and pledged himself to carry on the litigation in the natural gas case if elected solicitor, but he appealed for a Democratic mayor and council to support him in his efforts.

County Treasurer J. W. Rutledge spoke and told the meeting that outside of the \$240,000 profits of the natural gas company it also had a surplus of \$79,000.

Addresses were also made by Squire W. F. Holton, Squire T. L. King, City Auditor W. F. Wulphoo, Bernard Riley, County Auditor C. L. Riley and others, the meeting closing with enthusiasm and a feeling of certain victory.

## OCEAN GOING DIRIGIBLE ON A TRIAL TRIP

Atlantic City, N. J., Nov. 4.—Melville Vaniman and his crew tried out the ocean going dirigible Akron, today. The huge airship sailed along the beach over the city seeming to be under control at all times. The Akron steered north of here and then descended low down toward the water. Men stationed at a live saving station report that from their position the balloon now appears to be in the water or resting on a mud bank. Only the top of the airship can be seen. Boats have been sent to give assistance.

## FOUGHT TO HEAR HARMON SPEAK

Wilkesbarre, Pa., Nov. 4.—The largest crowd that has ever attended any public gathering in the history of the city was that of last night when thousands fought for admission to the big armory to hear Governor Harmon of Ohio and Congressman A. Mitchell Palmer of Pennsylvania, a member of the ways and means committee in congress. Governor Harmon spoke of "equal rights to all."

## REBELS WERE VICTORIOUS

Shanghai, China, Nov. 4.—Following yesterday's capture of the native quarter of Shanghai by the rebels the revolutionists today occupied the up-river fort at Wu Sung. The imperial garrison surrendered without resistance. The remainder of the forts between here and Hankow are expected to pass into the rebels' hands within a few days.

Princeton, N. J., Nov. 4.—In a certain rager to the big game this afternoon between Harvard and Princeton, the Crimson freshmen defeated the Princeton freshmen by a score of 13 to 0.

## FACTS FOR VOTERS AT THE COMING ELECTION IN NEWARK

Multiplicity of ballots, tickets and candidates, and the operation for the first time of new laws, providing for non-partisan election of several groups of officials, will cause confusion in the 28 Newark polling places on election day next Tuesday.

One result, political leaders predict, will be many errors on the part of voters in marking their ticket. In some instances, undoubtedly, these errors will invalidate votes, which must then be cast out, depriving careless voters of their right of franchise.

To clarify the situation as much as possible, detailed instructions have been issued by the election board to the judges and clerks who will serve in the booths, but intelligent voting can be done this year only after careful study and forethought.

**FIVE SEPARATE BALLOTS.**  
Every male voter will be handed five separate ballots when he enters the booth in his precinct on election day, next Tuesday, Nov. 7. The booths will be open from 5:30 a. m. to 6 p. m.

Upon the first of the five ballots will be printed the names of the candidates for city and ward offices, as follows:

## ITALIAN CRUELITIES IN TRIPOLI

### Butchering of Men, Women and Children in Northern Africa

## ALL CIVILIZED NATIONS

### Are Demanding That Cowardly Massacres Cease or Armed Intervention May Result.

London, Eng., Nov. 4.—Italian cruelties in Tripoli and the wholesale massacre of men, women and children now being engaged in by the Italian troops in Northern Africa, may lead very shortly to a concerted demand by the powers that Italy observe the rules of civilized warfare. Some of the European powers, it can be stated with definiteness have sent notes to the various foreign offices sounding the continental governments upon their attitude in making a formal demand that these barbarities cease and then to force compliance with this demand with armed strength if necessary.

The powers, which admit their absolute horror at the cowardly cruelty of the massacres by the Italians, point to the American war with Spain as ample precedent for armed demand that Italy at least observe the proprieties of decent warfare. As one of the signatories to the Geneva treaty which insures non-combatants immunity from death and prisoners of war, freedom from torture, Italy has placed herself in a position of having violated every clause of the humane document.

Premier Giolitti's denial of Italian atrocities on the Tripoli field have utterly failed to eradicate the impression that no civilized power has ever waged such terrible slaughter under the guise of war. English correspondents who have returned from Africa have set England aflame with their stories of slaughter and rapine of innocent and women. Parliament has heard the matter discussed when C. Leach, a member from Yorkshire, inquired of Foreign Secretary Sir Edward Grey if he would not use his good offices to prevent a repetition of the saturnalia of slaughter. Gray deprecated the question as giving offense to a friendly power. But it is known that England, in common with Germany and Austria is moving secretly to notify Italy that her conduct is intolerable to civilized nations.

Germany always friendly to the Turks, is aroused to a fever pitch by the stories of brutality that leak out despite the rigid Italian censorship. The Kaiser's foreign office is said to have interested itself in an underground appeal to the other powers to force Italy to cease her murders.

Austria, Italy's hereditary foe; is said to be on the point of threatening armed intervention if the murders are not stopped.

The stories of Italy's assassinations in Tripoli are too terrible to

## INJURED IN A TENEMENT FIRE

Chicago, Nov. 4.—As a fire early today gutted the flimsy tenement in which they lived Abraham Tubin, 27, stepped to the window of his room on the third floor, muttered a prayer and leaped clasp tightly in his arms his two children. A moment later his wife also jumped. Mother and father each broke both legs and are dying. It is not thought the two children can survive. The fire is believed to have been incendiary.

## ARSENIC POISON CAUSED DEATH OF THE POLICEMAN

Chicago, Nov. 4.—Convinced that the body of Richard T. Smith will either confirm or disprove the police theory that Mrs. Louise Vermilya is a modern Borgia responsible for the death of nearly a score of friends and relatives, Coroner Huffman and Dr. Leconte, an expert on post mortems, left here today for North Henderson, Ill. to examine Smith's body. Smith died at Mrs. Vermilya's home on March 11 under circumstances very similar to those attending the last illness of Policeman Disconette. A chemical analysis of the policeman's internal organs developed the fact that he died of arsenic poisoning. It was then that the police turned their attention to the remarkable number of dead intimately associated with Mrs. Vermilya in the past decade. No warrant has been served upon the woman, who is sick with pneumonia, although one was sworn out by a brother of the dead policeman.

## RESTRICTIONS FOR MIDSHIPMEN DANCES

Washington, Nov. 4.—Recent agitation over the new restrictions placed upon midshipmen at the Naval Academy in the matter of guests at academy dances has brought forth from officials of the Navy Department a remarkable statement.

It was disclosed that heretofore the doors of the Naval Academy have been opened wide on the evenings of dances, and all presenting themselves at the doors dressed as for a dance, have been admitted without question. Several embarrassing situations have developed from time to time, it is said, involving midshipmen in serious trouble. Henceforth, it is stated, the academy officials will require that no person be admitted without presenting a card of invitation, and the names of all persons to whom such cards are issued are to be listed.

East Liverpool, O., Nov. 4.—After the fiercest fight in the country's history, Columbiana county voters yesterday brought back saloons by a majority of over 2500 votes.

Following the vote in the other counties last week, an unmistakable turn was noted in the situation. It grew in volume and when Pickaway registered a final protest Thursday, the result was practically assured. There was nothing left but to register the vote. It was possible to bring out the full ter the votes.

Ideal weather during the day vote. Throughout the county the greatest interest was taken by both sides. At nearly all of the churches in the various towns women prayed during the entire day. Bells were tolled at each hour and a special leader presided during each period.

The Wets kept bands on the streets during the entire day and the enthusiasm was not allowed to ebb for a single instant.

Rooms have been rented for saloons for some time. Several persons were notified during the day to get out, as their rooms were needed for saloon purposes. It is certain that an election under the Beal law will now be held in East Liverpool, Wellsville and possibly East Palestine.

East Liverpool went went by 1064 votes, with a total vote of 4650. Wellsville is wet by over 400. It is conceded that the wet majority in Columbiana county will total at least 2500, as the vote in the rural district seems about equally divided. Three challenges were reported in the county during the day.

This is the fourth local option fight ever held in this city, three being under the Beal law and one under the Rose county local option law. In all of the Beal law elections the city voted wet save in one instance. This was the last Beal law election held.

A year after this local election, the county local option election was held, and, although the county went dry, the city reversed its former vote and went wet. The county election went dry and the city had to remain so.

Six months ago there was formed in this city the Property and Tax Protective Association and remonstrances were circulated among the business men throughout the county against the operation of the Rose law. It was from this plan of action that the election finally resulted. The remonstrance was signed by nearly 1000 business men.

The anti-saloon campaign was under the management of Rev. H. A. Kelsey of the U. P. church and a former resident of Adams county. The wet campaign was managed by At-

## JOHN T. NORRIS

### Has Been Cited To Appear for Ex- amination as To His Sanity---Son- in-law Swears To Warrant.

Dayton, O., Nov. 4.—A writ was issued in the probate court here citing John T. Norris, former private and special detective, of Springfield, O., to appear for examination as to his sanity.

W. G. Holloway, a son-in-law, of this city, swore to the document. Although he has not developed any violent symptoms, Norris has been laboring under the hallucination that he is the special agent of the Anti-Saloon League.

# THE NEWARK TELEPHONE CO'S NEW AUTOMATIC SYSTEM

Has Rapid Growth—Important New Work in the Course of Construction.

Since the new automatic directory was published in September, new contracts have come in to the contract department more rapidly than the telephones can possibly be installed, and the construction department is in consequence weeks behind with its work.

The company is now busily engaged with a large force of men setting poles and putting in a new cable in the alleys west from Sixth street between Church and Locust. So rapid has been the growth in this section of the city that the entire cable capacity has become exhausted. This new cable will extend to Eleventh street and the poles to the car barns, and the capacity will be so much enlarged that there will be room enough for all who wish for telephone service.

Below is a list of nearly one hundred new subscribers who have been added to the exchange since the book was published. If you will cut this list out and paste it in your book the new directory will be complete:

## RELIGIOUS ZEAL CAUSED PARNTS TO COMMIT CRIME

Chicago, Nov. 1.—When a real estate agent went to the little house of Henry Letch today to collect the rent no one would answer, the door bell. Neighbors were sure Mrs. Letch and her 12-year-old son Roy were at home, and finally a policeman was called to break open the house. In the little room that served as living and sleeping room of the family, little Roy was in bed, Mrs. Letch, kneeling beside him, and the father was stretched on the floor nearby. Evidence of poisoning first led the police to believe a crime had been committed, but later they placed to gether a story of a father and mother crazed with religious zeal who entered into a pact to kill themselves and their son.

A queerly written letter added to from day to day and jumbled with Biblical phrases and odd bits of philosophy told in the German tongue how the Letch mother and father had determined first "to starve themselves as a penance and then to purg themselves and die, because the world was unkind and his churches and ministers were full of hypocrisy."

The letter was dated March 19, 1911, and declared that the signers had determined to die together.

A physician stated that they had been dead at least a week.

**AMUSEMENTS**

**LAST NIGHT'S PLAY.**  
After braving sickness of theatrical favors or frowns for three seasons, the bright and sparkling musical comedy, "Three Twins" was seen at the Auditorium theatre again last evening. Joseph Gaites has kept up to a remarkable extent the many unusual features that made this show such a favorite.

The company seen at the Auditorium last night was a large one, and the chorus gave the ensemble numbers with an unlooked for volume. They were not exceptionally good looking, but the dancers and the show was without dull moments. Of course, there were a few ragged edges with regards to acting, but as a whole it was clever.

Marion Garrett, as Tom Stanhope, the first twin, is good looking, graceful and evidently has a good voice, but he was suffering from a dreadful cold, and he sang with such an effort to get away from his hoarseness that the deal curtain fell. However, in spite of this inconvenience he was exceptionally clever in his role. Dorothy Conroy, as Kate Armitage, Tom's sweetheart, was a dainty girlish Kate, and had a very sweet and clear soprano voice. Frank Smith worked hard in the part of Gen. Stanhope as did Marion Langdon as the "weeper." Frederick Going worked hard in both the Hypnotic waltz and in her "Yama Yama" song and received a large number of encores, especially in the last number.

Among the special features which still remain as popular as ever were the electric swing, the tableaux in "Cuddle Up A Little Closer," and the "Yama Yama" dance.

**What the Press Agent Says**  
"The Girl in the Taxi." The "girl in the taxi" will entertain local theatregoers at the Auditorium theatre Monday, November 6 for an engagement of one night only. "Laugh and the world laughs with you" was evidently the slogan in the mind of the author while writing "The Girl in the Taxi" and the truth of the saying is found in the record-breaking triumphs achieved by this frolicsome play in New York, Chicago and Boston, and at the present time in all the principal cities of the country. "Charley's Aunt" held the palm as the funniest play of the stage till "The Girl in the Taxi" put in an appearance.

**THE ORPHEUM.**  
What looks to be one of the season's finest treats is booked to play the Arcade theatre the first three days of next week. All of Mr. Arthur Nelson's musical comedies will be remembered by the Orpheum patrons, and now he is coming with his latest success, "The Isle of Spice." The company consists of fourteen clever people, chief among them being the comedian, Harry Sanford, who represents the Sixty-seventh King of Nicholas. The company presents a number of excellent characters such as Teresa, the King's proposed seventh wife; Trinket, the maid of honor; Kleinheimer, a wrecked balloonist; and Goldberg, his treacherous companion. And when these two get together the Dutchman and the Jew, the fun starts in earnest. There is eight pretty chorus girls, with a number of the latest song hits. They have a new and elegant wardrobe, in fact everything in the act is new and up-to-the-minute. Their special scenery tops the whole show off beautifully, and it is said to be the most gorgeous which will be seen at the Orpheum for a long time. You can't miss it by seeing "The Isle of Spice" with its comedians, the latest song hits, rendered in all original and novel ways, by pretty dashing chorus girls. The Orpheumscope will have a feature film. The show will be seen only the first three days of next week.

**Zanesville Only City To Have Robertson**  
The only city in the state of Ohio to have Farber Robertson appear at a local playhouse this season, is Zanesville, when Mr. Robertson, just back from a London engagement, will play at the Weller Theatre. Undoubtedly a large number of theatregoers will make up parties to go to Zanesville to see this great actor, who in "The Passing of the Third Floor Back" has been securing one of his greatest successes.

Farber Robertson will play at the Weller Theatre, Zanesville, Wednesday evening, Nov. 8.

**MUSICAL ENTERTAINMENT.**

## ATTEMPT MADE TO POISON YOUNG MAN

Cambridge, Nov. 4.—The whole countryside is at fever heat over the attempt to poison Melvin Bair, 21, of Londonberry last night. Physicians pronounced his case one of strychnine. Great mystery surrounds the case. Bair is expected to die.

## Why Should I Use Cuticura Soap?

"There is nothing the matter with my skin, and I thought Cuticura Soap was only for skin troubles." True, it is for skin troubles, but its great mission is to prevent skin troubles. For more than a generation its delicate emollient and prophylactic properties have rendered it the standard for this purpose, while its extreme purity and refreshing fragrance give to it all the advantages of the best of toilet soaps. It is also invaluable in keeping the hands soft and white, the hair live and glossy, and the scalp free from dandruff and irritation.

While its first cost is a few cents more than that of ordinary toilet soaps, it is prepared with such care and of such materials, that it wears to a wafer, often outlasting several cakes of other soap, and making its use, in practice, most economical. Cuticura Soap is sold by druggists and dealers everywhere, but the truth of these claims may be demonstrated without cost by sending to "Cuticura," Dept. M, Boston, for a liberal sample cake, together with a thirty-two-page book on the skin and hair.

## THE LODGES

### Knights of Pythias.

Roland Lodge, No. 357, met in regular session Tuesday evening with a goodly number of the members in attendance. One candidate was balloted on and elected to membership. The Knight rank was conferred on one candidate in full amplified form, and the music furnished by the K. P. orchestra was very much enjoyed. At the close of the meeting the entertainment committee invited all to the dining room, where a fine lunch had been prepared, and which all greatly enjoyed. All the sick are reported as improving. Past chancellors' meeting Wednesday evening.

Newark Lodge No. 13 met in regular session Thursday evening with a good attendance. One application for membership was received and referred to a committee. The Page rank was conferred upon one candidate. The Esquire rank will be conferred next Thursday evening. The past chancellors' meeting of the 19th Pythian district will be held in K. of P. hall Wednesday evening, Nov. 8. A good program has been arranged. All past chancellors, whether they belong to the association or not, are most cordially invited to attend this meeting.

The Page rank was conferred on three strangers Wednesday night at White Cross Lodge, Johnstown, in the presence of a large number of the brethren. One new petition and one for reinstatement were received. The county deputy, Harry Rexroth, accompanied by Bros. Tanner, Huff-

man and Boring of Newark, were present to extend an invitation to White Cross to attend the county convention at Newark on Wednesday, Nov. 15. The lodge decided to send a delegation of 100. A big supper and work in the ranks at the Auditorium ought to attract many. It is to be hoped that at least 100 will make arrangements to go down. You will not regret it. Talk it up and get your ready on. Following the work in the rank and a good hot oyster supper, the Grand Padshaw unexpectedly arrived about 11:30 p. m. by a special on the New York Central lines and brought four weary wanderers from darkness to light, at least it was about light when he left. —Johnstown Independent.

Alexandria Temple No. 359 has extended to White Shield Temple a cordial invitation to give the work and that they will entertain the members on Nov. 9. Pythian Sisters take notice that officers and staff will meet Saturday evening at 7:30. —Johnstown Independent.

I. O. O. F. Newark Lodge, No. 623, met in regular session Monday evening, Nov. 6, there will be degree work. We have work in the second and third degrees. All brothers are urged to attend our meetings and visiting brothers are always welcome. All patriarchs of Mt. Olive Encampment are cordially invited to go to Columbus on the 6:20 interurban car Tuesday evening, Nov. 14, to witness the conferring of the patriarchal degree by one of the best degree staffs in the United States. It is certainly an inspiration to witness the beautiful lessons taught in these degrees when the floor work is perfect. You owe it to our encampment to take advantage of this opportunity to increase your knowledge of the degree work. Patriarchs, we will look for you — don't disappoint us.

Ninety-six candidates were recently taken over the threshold of Encampment Odd Fellowship in one class. Mt. Olive Encampment is getting together a class to be initiated Jan. 4, 1912. We have organized a contest for the purpose of increasing the attendance and practicing the degree work preparatory to the handling of this class. There is a great work ahead of us—are you not willing to meet the proposition half way. Canton Olive on Friday evening, Oct. 27, held one of the best meetings that has graced the hall of Odd Fellowship for several months. The interest manifested in this branch of the order is keeping pace with the other branches.

Modern Woodmen. Cedar Camp, No. 4727, met in regular session Monday night. Two applications for membership were voted upon. Neighbors J. W. Greferman, C. G. Richardson and C. W. Walker were reported sick and the neighbors living close to these neighbors are requested to call upon them Monday night, Nov. 6, there will be candidates to receive the work and a good turn out is desired. We will have with us on that night the chief fosterer of Wooster Camp, who is making a special visit to see the work put on, and each officer and member of the Forester team is requested to be present. The entertainment committee requests a good turn out, as refreshments will be served after the regular business of the camp is over. The widow of C. M. Retherford, who died Oct. 3, received her draft for \$1000 on Oct. 28, just 25 days after the death of Neighbor Retherford.

Red Men. Minnewa Tribe No. 52 met in regular council at the wigwam Friday night, with all chiefs, warriors and braves accounted for. Considerable business was transacted and several speaking leaves read. The captains of the three sides, the Reds, Blues and Greens, reported that their sides were hot upon the trails of the palefaces and doing good. The committee appointed on the three applications last Friday sleep reported and the palefaces were elected to become Red Men and will be given the Adoption degree on the first meeting night in December. Three petitions for membership were received. Three palefaces were found in the forest, captured and instructed in the Adoption degree ceremony. The existing relief chiefs reported that the sick list is about clear and the hunters almost able to follow the deer again. The brothers want to remember that on Nov. 17 the regular nomination for officers takes place and now is the time to pick your candidates for tribal chiefs. The election for great chiefs of Ohio will also be held on the first meeting night in December and all past sachems of Minnewa Tribe are requested to be present on that night and cast their votes. Next Friday night the Warrior's degree will be conferred.

### REMARKABLE HOME-MADE WRINKLE REMOVER.

(From Modern Housekeeper.) A wrinkle removing preparation which acts powerfully and quickly may at the same time be entirely harmless, as has been amply demonstrated in the case of the famous saxolite solution. While acting so marvelously on wrinkles of every sort, the saxolite is really beneficial to the skin itself, giving the latter tone and improving its texture. In the case of baggy cheeks or chin, also, more than mere temporary results are obtained.

One ounce of pure powdered saxolite, secutable at any drug store, dissolved in a half pint of witch hazel, makes this most effective wrinkle remover. Use as a wash lotion. The effect is wonderful and immediate.

### DECIDE YOURSELF.

And decide for yourself. Here is one case of it:

P. B. Pritchett, 406 Wilson street, Newark, O., says: "It is worth considerable to any resident of Newark to know about Doan's Kidney Pills. When they cure, they do so permanently. I suffered from kidney trouble in 1899 and at that time I used Doan's Kidney Pills. I was pleased to publicly testify to the effect that they cured me and at this time I willingly corroborate my former statement."

## NEWARK HIGH PLAYS WELL AGAINST NORTH

In the best game of football Newark High has played this season, the team held the last Central High eleven of Columbus 10 in points at the Y. M. C. A. held Friday afternoon.

The game was scheduled for Saturday but due to the weather was switched to Friday afternoon, as the teachers wished to be in to attend the meeting of the members of their profession in Cincinnati.

Not only did the Newark lads defeat the Columbus team, but they defeated several of them. The Columbus contingent arrived shortly after noon with a football squad of 35 men and 25 rooters. Before the first quarter was fairly under way, the Newark coach realized what he was up against.

The Columbus coach made an early start in sending in fresh men. He kept it up throughout the game and almost every scrimmage found a new man in the lineup of the visitors.

With the exception of one change, Coach Wright of the local team kept the same men in the game. Captain Ashley and C. Brown played the right half position, this being the only position in which a change was made during the entire game.

Columbus played excellent football. Their open plays were well executed and they played with a snap and ginger which were soon communicated to the Newark bunch.

Newark held the visitors scoreless in the first period, and the Columbus aggregation succeeded in scoring in each of the three remaining quarters.

Hunter, a Newark High line man, succeeded in getting the ball in a scrimmage after the referee had blown his whistle and carried it over for a touchdown. The score should not have been permitted to stand, but Referee Rees refused to bring the ball back to the point where it was when his whistle was sounded.

In the third period Gheen went over for a touchdown, and there was some question as to whether this ball was over the line, it being claimed that Newark held the visitors safe outside the goal.

The third touchdown, made in the fourth quarter by Hunter, was carried over fairly, and Edwards' goal from a drop kick from the 35-yard line was as pretty a piece of work as has been seen here for some time.

Newark's strong defensive game indicates what the present eleven is capable of doing if they set out to play as well as they know how.

Until yesterday the team failed to show the proper spirit to make up for what they lack in weight and experience.

The game spirit shown in yesterday's game, if present in previous contests, would have resulted in several victories, instead of defeats. The line-up and summary.

BRAIN-WORK IN FOOTBALL. "The team that goes into a game with only the coach's brain in its head stands only half a chance against the eleven that carries its own brain with it as well," writes George Jean Nathan in the issue of Harper's Weekly for Oct. 28. He instances the game between Princeton and Yale four years ago, when, at the end of the first half, the score stood at 10 to 0 in favor of the orange and black. "Between the halves something was happening in the dressing-room of the eleven of New Haven. The Eli team was being lectured by the men who had been coaching it and developing it into a machine which, they hoped, might plough its way through everything that stood between it and the victorious goal. The 'something' that happened there caused the Yale eleven to score two touchdowns in the second half and to win the stubborn, up-hill contest." The most salient words Sanford shouted at the blue team were "Use your own brains."

### The Reliable Furnace It's Good Points

PERFECT COMBUSTION—The secret of the universal success of the Reliable Furnace is, of course, in its perfect burning of fuel, including all gases and nearly all the smoke and other results of combustion. And this perfect combustion is secured by simple and ingenious draft arrangements, whereby air is admitted both above and below the bed of fire, at just the points necessary to insure its proper mixture with the gases released by the heat.

So complete has the object of the inventor been accomplished in the production of a furnace that BURNS ALL THE FUEL that in no single instance has one of these furnaces required cleaning in all the 14 years they have been in use, a statement to which every user will bear testimony. While this is true we do not rest content with perfect combustion only, but provide ample means for easily and quickly cleaning.

The durability of the Reliable Furnace is a man's life-time—no repairs needed; the grate in the furnace weighs 100 pounds; firepot, 625 pounds, and the hood, 312 pounds. No shoddy or cheap construction. See

In the entire city, which

I never put off till tomorrow the things that were well done to-  
day; that policy always brings sorrow and drives many blessings  
away. That putting off habit—eschew it! When facing a chore  
that looks bad, just get down to business and do it, and when it is  
done you'll be glad. The men who are sighing and moaning, that  
life is a rough, weary way, are fellows too fond of postponing, and  
letting things slide every day. If I stack up high with the banker  
and have a few rocks of my own, the reason is this: I don't hanker to  
fiddle around and postpone. This evening the hausfrau was bak-  
ing—a feminine labor that's wise—and all of my innards were ach-  
ing to sample a few of her pies. "Don't touch them," she cried,  
"till tomorrow!" and then I rebuked her and cried: "That policy  
means but to borrow a damper to put out your pride. My motto,  
my dear—well you know it—is: 'Never postpone; 'tisn't wise!' So  
just watch your spiny-footed poet do things to a pair of your pies!"

## F. M. SWARTZ, FOR MAYOR, NEEDS OFFER NO PROMISE

The next mayor of Newark should be a man who has no apologies to make for his past career as a business man. He should also be a man who can go into office with a well-defined policy, which needs no explanation as to his attitude toward existing affairs. Another qualification ought to be an honest, sincere desire for Newark's progress towards a greater, better city.

Such a man is F. M. Swartz, and his candidacy means much to Newark, under the circumstances which confront the voters at present.

Mr. Swartz's campaign has been clean-cut from the time he was returned a winner at the Democratic primaries, and to none has he promised one thing, while intending to do another. Double-crossing is not a characteristic element in the make-up of F. M. Swartz. Why should he

It is but fair to a candidate to allow him to express his views upon matters that may come up if he should be elected to the office that he aspires. The Democratic candidates for council are known to be in favor of the subway proposition. Other candidates have been "explaining" and finally have announced that they will be for it. Just two questions. Will they? Can they?

Wishing for Marion Swartz's election will not accomplish the result. Go to the polls and vote for him. That is what counts.

Read in another column the statistics given by Presenting Attorney Phil B. Smythe at the meeting of the Democratic club Friday night. They are interesting.

Wayne B. Wheeler, anti-saloon league leader and agitator, has given out a statement regarding the counties that have reversed their former decisions in the county option elections just held, in which he predicts that all these counties will vote "dry" again in three years from now. From this it will be seen that Wheeler proposes to keep up this deplorable agitation and unsettlement, that a large majority of the people are heartily sick and tired of, three years longer. Of course Wheeler desires to prolong the means and conditions by which he procures his salary, but he will find that the people's disapproval of this distracting agitation that has gone on for the past three years, will manifest itself still greater if it is to be continued three years longer. Up to date the agitation has been productive of disappointment in the minds of a large majority of thinking people.

The subway proposition will mean the building of residences in the southern section of the city. They will look better, although less spectacular than ambulance runs to carry the dead or maimed from the deadly grade crossings.

Vote next Tuesday for Rodere Jones for city solicitor. Remember that he is the man who has enjoined the gas company from charging an exorbitant rate for gas. He pledges himself to carry on this litigation when elected.

The subway improvement, for which the Democratic councilmanic candidates are pledged, is one of great importance to the city at large. None of them is an eleventh hour convert to the proposition.

make apologies for his candidacy? He needs none. Why should he announce a platform, which, if not ambiguous, is superfluous? The mere fact that Mr. Swartz is a candidate for Mayor carries with it the assurance that he will execute the trust imposed. That will be his duty from which he will not shrink. It is not necessary for him to announce in bold type that he will carry into effect any one law.

Is it up to any mayor to select some one law for enforcement rather than others?

F. M. Swartz will be the mayor of Newark city, and his administration will be one showing no partiality to any class or condition of men. The bigot will receive no more consideration than the mass of people. Mayor Swartz's policy will not be to insistently "hew to the line," but will be one of broad minded justice tempered with reason and common sense.

A vote for W. F. Wulphoop for city auditor means that it is advisable to have a conscientious, capable and experienced man in this important office.

Every Democrat should not only go to the polls himself next Tuesday, but he should take enough interest in the success of the ticket to see that some one else votes for it.

In preparing his estimate of the expenditures of the 1911 Democratic legislature which is the seventy-sixth general assembly, State Auditor Fullington added to 1911 expenses what he thought might be paid out in 1912, because, he said, the life of a general assembly lasts two years. In making up his statement of expenses of the seventy-eighth general assembly, Auditor Fullington included payments for but one year, 1910. Had he taken into consideration all expenses for 1909 and 1910—the legal existence of the seventy-eighth general assembly, which was Republican, his total would be \$513,134.92. That is \$200,000 more than will be expended in the two years of the Democratic general assembly.

Newark never had a better man for city treasurer than A. P. Taylor. He is a candidate for re-election, and it is a certainty that he will be elected by a handsome majority.

**NOTICE TO REGISTRARS**

Please call for books between 11 and one o'clock Nov. 6, 1911.

**RECORD OF MR. MUENZ ABOVE SUSPICION**

In a frantic attempt to elect one man sure, the Socialists of Newark have centered their entire strength in the Fourth ward, where they seek to defeat Councilman Frank Muenz, who is a candidate for re-election.

The workers of this party have insinuated that Mr. Muenz's position precludes him from being a friend to the workman. This insinuation is false and is merely made with the hope that it will influence some thoughtless union man to vote against him.

Frank Muenz is a union man, still holds his union card and is the same friend to organized labor that he has been all his life. More than that, his character is absolutely above suspicion. He has never been guilty of any indiscretion in the past which lays him liable to prosecution on a charge which might send him to prison.

More than that, if he is elected, his supporters are assured that he cannot be interfered with in qualifying for the office. No act in his past life can be uncovered, in support of charges of being unfit to hold the office to which he has been elected.

Mr. Muenz, like Mr. Swartz, has always been a friend to the laboring man, and these fair-minded workmen will not be influenced by the statements of a few who when the time comes for them to cast their ballots.

## A USELESS EXISTENCE ENDED

After a Life of Tireless Destruction and Devastation the Dandruff Germ Finally Succumbs.

BECOMES A VICTIM TO NEWBRO'S HERPICIDE.

The dandruff germ is a busy little microbe constantly at work and always doing the same thing. Apparently with fiendish intelligence it burrows down into the hair follicles, destroys the hair life and finally crowds out the hair, causing baldness.

There are two sure ways of stopping the harmful career of this invisible microbe. One is to wait until the germ has induced incurable baldness after which the atrophied hair follicle offers no sustenance to the germ. The other is to

USE NEWBRO'S HERPICIDE. The dandruff germ cannot exist where Newbro's Herpicide is used intelligently. By killing the dandruff germ it thus checks further accumulations of scurf skin and prevents the hair from coming out.

While many imitations and substitutes are offered for Newbro's Herpicide there is nothing "just like it" or "just as good."

Apple Pudding—Take a number of tart apples, core, quarter and place a large saucpan. Add just enough cold water to keep from burning, cover and stew slowly until soft enough to pass through a sieve. Add sugar to sweeten to taste, measure and return to the fire. For each pint take two tablespoonfuls of cornstarch and a pinch of salt. Moistened with a little cold water, pour into the boiling apple sauce and stir until smoothly thickened, then cover and cook over hot water for half an hour. Add a pinch of cinnamon or any other spice desired and pour into wetted molds. Serve cold with sugar and cream.  
Queen Cakes—Cream thoroughly together three-quarters of a pound of butter and one pound of sifted powdered sugar. Stir in one gill each of sherry and rose water and four tablespoonfuls of brandy and beat well. Add alternately the stiffly beaten whites of eight eggs and the remainder of the flour, stirring only just enough to mix well. Bake in small buttered gem pans in a rather quick oven. ## RECEPTION OF PHI GAMMA DELTA AT OLD DENISON

Historic Chapter House Scene of a Merry Gathering—Granville's Water Well Completed.

Granville, Nov. 4.—One of the most enjoyable social events that has taken place in college circles here for some time was the annual reception given by the members of the Phi Gamma Delta fraternity at the handsome chapter house on Broadway, Friday afternoon to the ladies of the town. The hours were from 3 to 5 o'clock, and during that time more than one hundred and fifty ladies called at the house and were guests of the fraternity. Each lady was presented with favors in the form of cards and roses and delicious refreshments were served. The guests were shown through the house from one end to the other, and the historic mantel and pictures were greatly admired. One of the pleasant things in connection with the reception was the fact that among the guests was Mrs. E. M. Downer, who was married in the parlor of the Phi Gam house sixty-one years ago. Another reception is being given this afternoon to the girls of the seminary.

The new water well for the village water works has been completed at a depth of 125 feet, and the indications are that it will prove a good well, one that will supply all demands. A new deep well pump has been ordered and as soon as it is installed will be tested.

Mr. and Mrs. George Davidson of Bucyrus, spent Friday in the village.

Miss Eva Jenkins of Pittsburg, has been visiting relatives and friends here during the past week. She left Saturday for Columbus, where she will make a short visit with her sister, Mrs. Thomas Hardy, before returning home.

Quite an amount of corn is to be husked as yet, a large percentage of which is not in the best of condition owing to molding, and is unfit for feeding, owing to the frequent rains keeping some of the ground in untillable condition.

During the past week or two quite a number of cases of scarlet fever has developed among the children of the public schools. Thus far, however, the physicians have succeeded in controlling the disease and there is not much fear of an epidemic.

The regular meeting of Center Star lodge, No. 11, F. and A. M., of this place was held on Thursday evening, Nov. 2, at 7:30 o'clock. A number of new members were initiated and the lodge was well represented. There was a large crowd in attendance and every body had a fine time.

The Daughters of Rebekah gave a "measurement social" in the Old Fellows and Knights of Pythias halls Friday evening. There was a large crowd in attendance and every body had a fine time.

Miss Edna Campbell entertained the members of the Pleasure Guild of the Children's Hospital, Columbus, at her beautiful country home south of Granville on Thursday.

The regular meeting of the Woman's Mission Circle of the Baptist church was held in the church parlors on Friday afternoon at 2:30 o'clock. Mrs. Gilpatrick acted as leader. Subject, "Home Missions: Among Italians, Bohemians and Hungarians in Chicago." There was a good attendance and the meeting proved a very enjoyable as well as profitable one to all who were present.

The many friends of H. D. Edwards, living a short distance south of town, will regret to learn that he had a very unfortunate fall from an apple tree a few days ago, caused by the breaking of a ladder while picking apples. The accident resulted in spraining his back and side, from which he has been suffering. He is now getting along finely and the indications are that he will quickly recover.

## KILLED HIS LITTLE SISTER WITH HATCHET

Cambridge, O., Nov. 4.—Swinging a sharp hatchet in his hand Andy Pederson, 4-year-old son of a worker in the Forsythe mines here, struck his 3-year-old sister over the head early today, fracturing her skull and causing her instant death. The child then, little realizing what he had done, summoned his mother to view the terrible result of his crime.

## POSTAL BANK OPENED TODAY AT POSTOFFICE

Money May Be Deposited in Sums of From One to One Hundred Dollars—"Cockey" Jones First Patron.

The postal savings bank, a new feature of the postoffice department, opened in Newark today at 7:30 o'clock. A number of depositors were on line at the first hour to receive their certificate of deposit. Mr. O. C. Jones, who deposited \$100. The lobby of the money order department of the postoffice has been extended into the postmaster's office and for the present will be run in connection with the money order department. It is not known whether any extra help will be taken on but assistant postmaster S. E. Stegried will be for a time the cashier.

The second man to receive his slip was Arthur Harton, a pharmacist at Evans pharmacy, while the third was a Mr. Baumgartner, agent for a number of magazines. There were several deposits made later in the morning.

This new department will be open the same hours as the money order department, from 7:30 to 5:30 and deposits may be made in any amount from \$1 to \$100. All that is necessary is that the applicant give name, occupation, age and the name of the parents and then a certificate of deposit is given to the applicant in the sum of deposit. A clever little feature is the stamp cards issued by the department. Ten cents buys a card with ten blocks for stamps in it. On the card when purchased is one ten cent stamp and with the addition of nine more the card is filled and may be presented at the savings bank and a certificate for \$1.00 will be given. These stamps may be purchased and placed on the card at any time.

The money deposited bears interest at the rate of two per cent provided the money is deposited a year. After a deposit of \$20 or any multiple it can be exchanged for government bonds bearing interest at the rate of 2 1/2 per cent non taxable. Bonds are issued on the first day of January and July of every year.

of being depositories for the funds and at one or two of the banks people desiring to deposit money and not understanding that it was to be left at the postoffice called at the banks.

Postmaster George D. Heisey will remain in the money order office department until nine o'clock this evening to accommodate any who might wish to make deposits in the new bank.

## Stops Pain in the Bladder, Kidneys and Backs.

Wouldn't it be nice within a week or so to begin to say goodbye forever to the scalding, driving, straining, or too frequent passage of urine; the forehead and the back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin, sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the despondency?

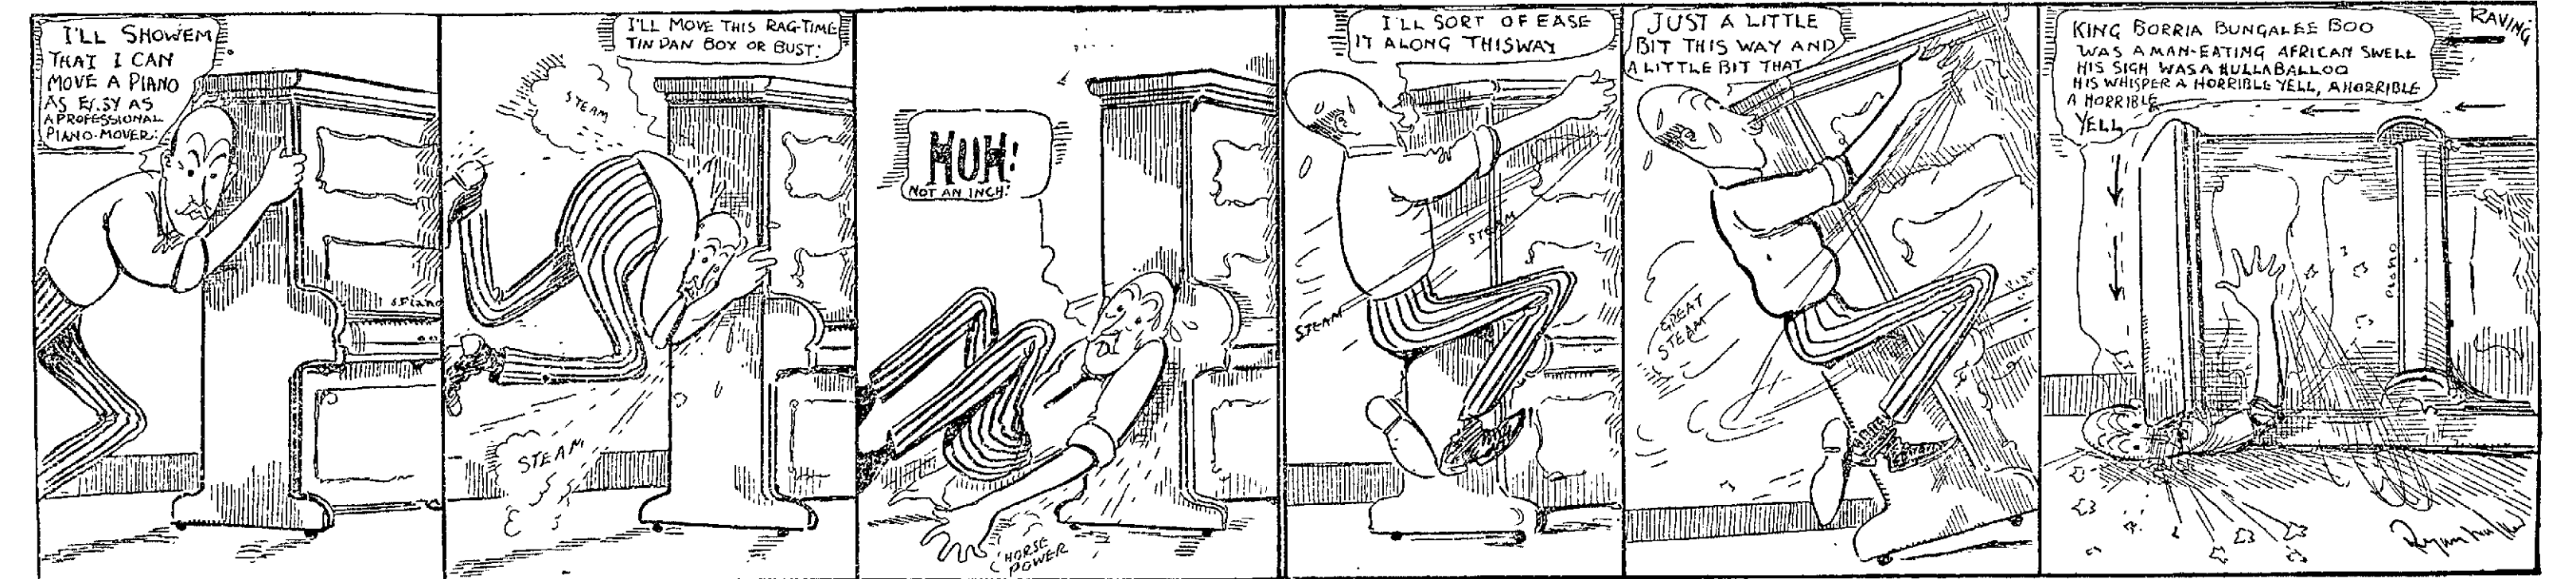

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$2.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, 21129 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

### BOLD THEFT (F BIG FROM PUBLIC SQUARE

Five minutes after he hitched his horse in front of the postoffice, Thomas Kennedy of Bates street, Franklin's Addition, returned to find that the animal had disappeared.

Mr. Kennedy left the rig to go to the First National Bank and except for the brief time he was in the bank he was within sight of the corner from which the animal was stolen.

The matter was reported to the police, but the officers have no clue on which to work. For boldness, this case of theft has anything beaten that has come under the notice of the department in several months.

The buggy had only recently been repaired and repainted, and Mr. Kennedy furnished the police department with an accurate description of the outfit. The description will be placed in the hands of police officers in nearby towns in an effort to recover the property.

### \* NEWARK HIGH SCHOOL NOTES \*

There are six young ladies in the normal class this year. At present they are studying methods, grammar, and arithmetic under Miss Wotling and Mr. Barnes.

Recently the board of education has added to the High school library "The Photographic History of the Civil War." This is a most beautiful set of works in ten volumes.

Mrs. Eugene Ball visited classes Wednesday forenoon. Would that many of the parents do the same.

Twelve of the High school teachers intend to go to Cincinnati November 10 to attend the Central Ohio Teachers Association. Supt. Hawkins is on the program to lead the sectional work in history.

Tuesday morning a spelling test was given the High school. Superintendent Hawkins and Principal Barnes intend to give these tests frequently in order to raise the standard in spelling.

It has been remarked that only two have been kept out of football on account of failure in work.

Halloween passed without the semblance of vandalism about the school. This speaks well for the students.

The High school and the seventh and eighth grades were given a treat Wednesday afternoon in the form of a lecture. Dr. Bancroft spoke on "The Association of Lincoln." Dr. Bancroft is a very entertaining speaker and he held his audience for an hour and a half. His description of the conditions in Kansas during 1855 was history humorously told. He described Ford's theatre so that his hearers thought they really saw it as it was on the memorable night. Dr. Bancroft closed his lecture by urging the boys to take care that conditions should never come to the point that they reached in Kansas in 1855, and speaking to the girls he said: "Be sure you can bake a loaf of bread that your husband can eat and live." ### FRIENDS BELIEVE TAFT MADE MISTAKE IN ENDORSING COX

Cincinnati, Nov. 4.—The question as to whether the returns from the municipal election next week will indicate that President Taft made a fatal mistake in giving his endorsement to Boss George D. Cox's ticket is today bothering friends of the president here.

Independent Republicans of Cincinnati have had a warm spot in their hearts for Taft ever since his famous Akron speech in 1905 in which he denounced the Cox gang and contributed to its defeat. In a letter endorsing this year's Cox ticket the president says that conditions have changed since his Akron speech. He refers in this statement to a letter written by Cox announcing his retirement from politics, a day after he had been set free of a perjury charge by a judge of his own making. This letter was made public a week after George D. Cox, in a signed statement declared that he was boss of Cincinnati and would continue to be so.
